Dear Sir:

Applicant hereby submits an additional Information Disclosure Statement (“IDS”). The document titled “Decamethylcobaltocen: Synthese und Umwandlung in Methylierte (Aren)(cyclopentadienyl)cobalt-Kationen” is in the German language. However, please note an English language abstract at the bottom of page one (1) of the document. The document describes oxidative addition reactions allowing addition of electrophiles of the formula RX to structures such as organic rings. Accordingly, this article provides instructions on how to synthesize cobaltocene methyl structures.

The documents listed in the IDS were not cited in a communication from a patent office. The documents were not known to any individual designated under 37 C.F.R. 1.56(c) for more than three months prior to filing the present IDS.

The Applicant believes there is no fee required for submission of this IDS. If the Commissioner believes a fee is due, please charge any required or unanticipated fees to our Deposit Account No.: 50-1479.

Date: February 25, 2010

Respectfully Submitted,
